Mr. and Mrs. James Tilsy, Mokena, narrowly escaped serious injury Sunday when their motor coupe plane nosed over after landing at the University of Illinois airport, Urbana. They made the flight to visit with Harry Rogers, Mokena, who is attending the university.

The accident took place at 11 a. m. Mr. Tilsy had landed the plane on the concrete runway. He had slowed to about 30 miles per hour when he touched the brake, which locked and caused the plane to roll over. It was completely demolished. Donald Doctor, Orland Park, was co-owner.

The plane, which was recently overhauled, was not insured. Due to wearing safety belts, the Tilsys suffered only minor bruises. There were no witnesses, and Mr. Tilsy walked quite a distance to the terminal before being noticed.

Ralph Tilsy drove to Urbana Sunday to bring his brother and sister in law home.

An Editorial

Arguments on the controversial Bricker amendment still have time to reach our Illinois Senators in Washington, as the debate has been shelved until after Feb. 14. So many revisions of the original measure have been offered that its backers, in conference yesterday with President Eisenhower, announced their decision to use the "cooling off" period to shape up the amendment in a more acceptable form.

Residents who wish to express their views may write either Sen. Everett Dirksen or Sen. Paul Douglas at the Senate Office building, Washington D. C. Those who wish to make their opinions known to Rep. Noah Mason (15th) may address him at the House of Representatives, Washington, D. C.

For or Against
World Government

The United Nations has in existence more than 200 treaties which make it possible to regulate a nation's internal domestic affairs.

The great question of treaty supremacy, the right of our elected lawmakers to regulate U. S. internal affairs, is now before the Congress in the form of the Bricker amendment.

It is the subject of a bitter fight in which left wing agitators would have our Constitution made subservient to international law. Those who subscribe to a super world government would have us work and live according to regulations set forth by such a body.

It could force labor and management to engage in collective bargaining agreements according to government decree.

It could abridge freedom of religion, speech and the press by overriding Article I of the Bill of Rights, under which such "freedom would be subject to such limitations as prescribed by law."

A U. S. citizen could be tried, in a domestic or international court under a law making it a criminal act to "cause mental harm" to members of a racial or religious group. He might be tried and put in jail for as much as criticizing a foreigner or his group. He could be tried, without jury or right of appeal, for criticizing foreign governments or their officials.

A French court gave Richard Keefe, a U. S. soldier, five years in prison for allegedly stealing a taxicab. He was not in France by his own volition, but a conscripted soldier sent to defend it.

Government could abolish employment agencies, but business private agencies out of putting and making the government the sole employment agency. There actually is a convention on fee-charging employment agencies enacted by the U. N. International labor organization.

This new treaty idea has been worked out largely within the U. N. and its agencies. Draft a law, call it a treaty, get it ratified as such by member nations, and it becomes the supreme law in the countries which adopt it. John Foster Dulles has said:

"Treaties can cut across the rights given the people by their constitutional Bill of Rights."

What is the Bricker amendment? Under our constitution, treaties are submitted only to the Senate. The House of Representatives never votes on a treaty, even though it may seriously conflict with domestic law.

Under the Constitution, a treaty can be ratified by a two-thirds vote of the members of the Senate present and voting on the day the vote is taken. A treaty could be passed by a handful of men unless the question of a quorum is raised.

The Bricker amendment as originally written, is concerned with first, the treaty supremacy clause saying that all treaties shall be the supreme law of the land, with judges in every state bound by them; and second, the means by which a treaty becomes effective as internal domestic law of the U. S.

The Bricker amendment provides that no provision of a treaty which conflicts with the Constitution shall be of any force or effect. It provides that no treaty shall become effective as internal law unless implemented by legislation which would be valid apart from the treaty, that is laws that are passed by both the Senate and House of Representatives.

The measure was worked out with some of the best legal minds of our country, members of the American Bar Association. In most other countries, treaties take effect as municipal or domestic law only through legislation enacted by the full legislature. The U. S. does not have this safeguard, which the Bricker amendment would provide.

AMERICA'S DEFENSE

"What constitutes the bulwark of our own liberty and independence?... Our reliance is in the love of liberty which God has planted in us. Our defense is in the spirit which prizes liberty as the heritage of all men, in all lands, everywhere."

—Abraham Lincoln
Speech at Edwardsville, Ill., 1853

NOW, MORE THAN EVER, IN A WORLD VASTLY MORE COMPLEX THAN IN LINCOLN'S DAY, THE BULWARK OF OUR DEFENSE IS THE SPIRIT OF MEN WHO PRIZE LIBERTY IN ALL LANDS, EVERYWHERE."

St. Valentine's Day

The day that lovers hold most dear.

And kids from six to sixty too.

Will all join in, with 'I Love You.'

So if someone's heart you've stolen away,

Remember this is a special day.

A chance to show that you're thinking of,

That certain someone, the one you love.

You can get any kind of a valentine,

That says, "My Darling, will you be mine?"

Or perhaps some candy, or else a bouquet.

Each one of these, will your love convey.

But if you're still yearning for romance,

Maybe you haven't given love a fair chance.

For Dan Cupid is ready with his arrows too,

And when he shoots, it might as well be at you!

Everybody's Birthday party is said to include a "mixer" to amuse the early arrivals; a number of laugh hits and a closing sing fest in which the assembly serenades in turn each month group. Program chairman Milt Geuther says:

"This is the chance of a lifetime for members who otherwise shy from observing their birthday, to celebrate the event with others in a carefully premeditated laugh upheaval."

BAKE SALE

The October circle of St. Peter's church will hold a bake sale at 2 p. m. Saturday, Feb. 13 in the Trump Chevrolet salesroom, Frankfort.

A colorful assembly of radio and TV personalities mingled with members of the Mokena Business Men's association and their wives last Thursday night at the annual banquet and get-together held in the Hitz Country House, 159th and Wolf rd. A cocktail party was enjoyed before the dinner. Fifty two were present.

Several prominent members of the association "disappeared" for a time. Everett Cooper emerged as John Daly. Mrs. Margaret Semmler as Dorothy Kilgallen, Frederick Rauch as Steve Allen, Mrs. George Myer as Arlene Francis, and Charles Swanberg as Bennet Cerf.

The take-off on "What's My Line" was masterfully directed by Mr. Cooper as MC.

Mrs. Henry Boleman, the first contestant, wrote her fictitious identity "Lady Godiva" on the blackboard, which after some speculation was guessed by the panel. Ed Dunham was Milton Berle, and Gorgeous George was impersonated by Joe Grobarick of the Royal Blue store. As a teaser, Mrs. Anita Harr and Mrs. Betty Florey sprayed the blindfolded members of the panel with sweet smelling talcum powder for a clue.

Gorgeous George had on a long beach robe with red satin trunks, glorified with long white locks fashioned from a mop.

There was community singing with Mrs. Dennis Roman at the piano. In his usual witty manner Mr. Cooper told of pleasant incidents and facts about the various members and tradespeople of Mokena.

As a "mixer," guests were given each a heart with another name and instructions to find that person and pin the name on. The tables were decorated in keeping with Valentine's day, with unique place mats of red crepe paper, with the paper napkin contained within a heart.

The programs with red covers and all preparations were the handwork of Mrs. Charles Swanberg, Mrs. Everett Cooper and Mrs. Glenn Vally.

New officers of the association were announced at the dinner. They are: Everett Cooper, president, Glenn Vally vice president, Charles Swanberg, secretary, George Wannemacher, treasurer.

Next business meeting will be held March 2 in the Cooper and Hostert garage.

HELLO FRIENDS AND NEIGHBORS!

Our 1954 Safety, Friendly and Business Message To Our Many Thousands Of Friends In All This Great Section----Dedicated To Truth, Peace, Justice And Continued Prosperity!

Each year we feel it appropriate and befitting to express our gratitude and thanks for the past year's relationship--both business and socially.

Please drive, work and play safely--these are school days. Protect our children. And, remember, it is always better to be careful than all ways to be sorry.

In the face of all our many world problems and unrest, everything, today, and 1954 points to a record-breaking money and business period--not to be retarded soon--so say all the nation's great prognosticators of big business and world affairs.

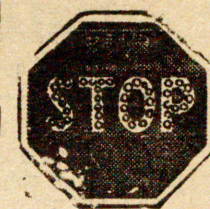

Through a very careful survey and comparisons, we know there is no better merchandise, variety of stock, or service, anywhere at any price, second to none, than can be had in our section at a price range that has always been conducive and pleasing to all concerned at all times.

Remember, Blue Island, Harvey, Tinley Park, Orland Park, Worth, Oak Forest, Midlothian, Markham and all this vast territory we serve are neighbors with much in common! Let's be good neighbors and treat each other like good neighbors.

Whenever your desires and needs cannot be met in your respective communities continue to visit around the territory on your shopping and service tours. You cannot do better. And, you are always welcome, as well as saving money and being a community booster. Again, may we remind you on behalf of the national safety council and the grand people of all this great section as a whole to please drive, work and play safely--save a life--and, remember, the life you save may be your own!

All we good Americans, today, more than ever must have faith and pull together. Don't sell America short. We must and will crack the iron curtain. Peace and justice will be ours with God's help.

Sponsored by the following progressive and public-spirited business and civic leaders of this great prosperous community who pledge themselves to unity, progress, safety and the American way of life.

Boy was one of the bowlers unconscious or what? A comparative beginner, Allan Rick came up with the high game for the season 234 and a nice 546 series. Nice going Allan. The odd thing about it, was the fact that Wally Goebel had just rolled a 233 game the game previous. He ended with a good 561. The pins were really falling on that pair of alleys. Andy Plattis had a 546. A 509 was rolled by Ed Lehmann and 516 by Doc Breunig, even this unconscious reporter had a 202-515. Bremen won 2 games from Goebel's.

Lehmann Bros. Garage, after feeling the damp air of the cellar getting close, went out after Vogt's for a triple win. But did you see hat bowler on Lehmann's that wanted to throw the ball backwards? Tish-tish.
It was noted that Capt. Ervin Funk could have stayed on the sick list. His team does well without him. The scores he had last night sure weren't anything to write about. A nice 200 for Earl Schaefer. H&S Feed took 2 games from INR Beatty Lbr. Logan Rick was high for INR with 179-498.

Mokena Loses 2 To Braidwood
The Mokena Basketball team suffered a double defeat Thursday as they traveled to Braidwood to meet the arrows for the second time. The Lights lost 33 to 25 and the heavies were trounced 43 to 11. The Lightweight loss left them with 4 victories and 4 defeats in Des-Plaines Valley conference play. The heavies have won 2 and lost 6 in league competition.

Braidwood ran up a 23-2 half time lead in the first game but were hard pressed in the second half as Mokena roared back into contention. A combination of Schmidt, Haehnlein, Ford, Sayers, and Hemmrich sparked the rally as Mokena outscored the Braidwood reserves 13-2 in the third quarter. Both schools employed their first teams in the final quarter but Mokena still continued to cut the large Braidwood lead and had the home team worried at the finish.

Mokena was never in contention in the second game. Senglin was the only Mokena player able to score from the field. Braidwood led 27 to 2 at the half.

Orland-Palos High Second Place In Conference
The Orland-Palos Eagles put another game in the win column Feb. 2, when they defeated the team from Maryville on the Eagles' home floor.
Maryville presented a threat as the quintet from Orland-Palos was ahead 39-29 at the half and finished only 60-55. Don Schroeder was high point man for the Eagles with 29 points.

Rich Township High school of Park Forest met the Eagles in Orland Park Jan. 29, for a skirmish to decide the standing of both teams for the upper bracket of the Southwest Suburban conference.

The Eagles were unable to hold down the power of the Rich team which built up a final score of 97 points against the Eagles 72. Rich assumed first place in the conference and Orland-Palos took second. Schroeder was again high in this game with 28 points.

From where I sit... by Joe Marsh

Wish I'd Said That

You know Miss Perkins. Well, she's been driving her own car around our town for a little more than 30 years.

The other day she had a bit of trouble parking down on Main Street. Didn't quite make it the first try, so she pulled out to start over when a fellow waiting to pass started tooting his horn impatiently.

On the second try, she was still having a little difficulty and so this smart aleck hollered, "Lady, do you know how to drive?" "Yes, young man," Miss Perkins answered, "I do. But I don't have time to teach you now."

From where I sit, it's not always easy to have a good answer ready when you need it. But when somebody insists that I vote for his candidate, for instance, or choose tea instead of a temperate glass of beer with dinner, I know the answer. It's all a matter of personal preference... and none of us like "backseat driving" from anybody.

COLD MYSTERY

by Science Features

The common cold may be a simple illness to many people, but it is a complex problem for medical research. Scientists have made tremendous progress in developing drugs that cure and prevent serious maladies, but they are still trying to solve the mystery of the common cold.

The cold, as well as other respiratory diseases such as influenza, "strep throat" and pneumonia, is caused by some of the countless viruses that float in the air. The smallest living creature known, they are drawn into the nose, throat and lungs by the air we breathe, and multiply in the cell linings.

Many of the viruses have been isolated and classified in the laboratories, but the common cold germ, thought to be the smallest of all, cannot be kept alive for study.

Statistics show that the average person has two colds a year that cause half of the absences from work, and are responsible for a 120 million dollar annual loss in wages.

It is paradoxical that there is no cure for this time-wasting annoying illness while serious respiratory diseases like pneumonia can be arrested with such new drugs as terramycin.

It's reassuring to know, however, that extensive research continues by the National Institute of Health, universities and pharmaceutical laboratories—so soon the common cold may go the way of other conquered diseases.

BABSON SAYS—

Day by day, in buying power,
your dollar is getting to be
worth more. You have only to
glance at the advertisements in
your daily paper to confirm this
cheering fact. Merchants all over
the country are offering some
of the best winter markdowns
that I have seen in a long time.

Thanks to this country's tre-
mendous productive capacity,
which has been greatly increas-
ed in recent years, all kinds of
consumer goods have been com-
ing on the market in almost un-
precedented volume. The late
Korean War did little to damp-
en the flow. As a result, stores
everywhere have bargains in
good merchandise. Some of it
has not been moving too well,
at least not fast enough to suit
the store owners. Perhaps prices
have been out of line with the
ideas of prospective consum-
ers. In a number of cases, this

undoubtedly has been true. But
now the picture has changed.
Semi-annual stocktaking clear-
ance sales are under way from
one end of the land to the other.
Sales floors and store counters
this winter are loaded with bar-
gains that many can hardly af-
ford to ignore. Merchandisers
are more than anxious to re-
duce stocks, and they well know
that the best way to do it is cut
prices, even if profits are pared
to the bone. In some instances,
they are doing exactly that. Mer-
chants like "turnover" much
more than "holdover." It costs
money to carry goods from one
year to another, or from one
season to another.

For those of the fair sex
whose fancy turns to furs, now
is the time to indulge it. Furs
definitely are on the bargain
counter. In some cases, they can
be bought at half their former
price, although I do not guaran-
tee the quality. The fur market
was hard hit by abnormally
warm weather earlier in the sea-
son. Inventories have piled up
and competition has become
extremely severe. To point up
the situation, I might mention
that one prominent Boston con-
cern not to long ago advertis-
ed the largest fur stock at one
price—drastically reduced—
ever assembled anywhere under
one roof.

With spring just around the
corner, clothing stores in many
localities are cutting prices on
men's wool suits. Some are be-
ing offered at very attractive
levels. Winter overcoats and
wool bathrobes also often are
marked down sharply at this
time of the year. If you are in
need of any of these articles
now, or will be next winter,
don't delay in picking them up.
Shop aggressively for the best
bargains. Also watch the store ads
in your paper.

A number of household goods
and appliances are available
now at bargain prices. The field
is broad, but the goods are
there and rightly priced if you
shop around. Just the other day,
for instance, I saw a new com-
bination food freezer-refrigerator
offered at a saving of 20%
under a month ago. But buy
these electrical appliances from
reliable stores and be sure to
get the standard guarantee. Now
is the time to buy from a re-
liable dealer a used car at a low
price. These cars will sell for
more money in the spring and
early summer.

This is the time of year also
when many types of soft goods
can be purchased economically.
These include sheets, pillow
cases, and towels. February tra-
ditionally is a month when house-
hold furniture is offered at
special prices; this February
should not be an exception. I

also must mention Oriental
rugs, prices of which have been
cut sharply. I have seen some
of these items recently advertis-
ed as selling at half former
prices.

Perhaps bring to your city the
stock of some out of town firm
that is liquidating. Be not afraid
to cut your own prices for a
short period. You will win cus-
tomers by it in the end. Other-
wise, don't today overstock in
anything except in "parking
space", which now is the best
buy. I forecast you can purchase
parking space for customers
cheaper now when the ground
is frozen, snow is falling, and
business is poor. "Sell Merchan-
dise. Buy Parking Space" should
be the 1954 motto.

News Letter Congressional

To Friends Back Home:

To all of my good friends in the Fourth Congressional district, I extend my greetings and my best wishes for a successful and a prosperous 1954.

We have entered upon what is expected to be a momentous year in our history. The year 1953 is outstanding and heads all others. The year 1954 will not be quite as good, but it will most likely be our second best year. There are those who

are depicting a depression; they seize every item of statistics available that can be used in an adverse fashion, and, through half truths and misleading statements, it is their purpose to promote a mass psychology that will contribute to the recession, or, one might say the adjustment that is now in progress. Some of these politicians are supposed to be economists. They are a poor credit to that profession.

There will be no depression in 1954, adjustment, yes. We have been attuned to a war prosperity. We are not at war for which we are thankful. Unless we wish to make large money on

the blood of our sons, we must attune ourselves to a peace prosperity. Business firms, some of them at least, will not make as much money, workers will not have as much pay because over time is being eliminated.

Nevertheless, times will be good, when compared with any peaceful year of the past. The factors are not here for a depression. Wages are high, savings accounts are the highest in history, purchasing power is in the hands of the people, banks are bulging with money. When the year ends, some of those who are crying for a depression are going to be sadly disappointed people.

There will be no World War in 1954 in my opinion. Russia is, at the present time, surrounded by our air bases. We have them in England, in France, are in many of the Western European countries; we have them in Morocco, Turkey, Okinawa, Japan, and other islands of the Pacific. We are going to build them in Spain and in Greece. Russia might hit one or two of our cities in a surprise attack, but with our bases and all of our air power, which is fast approaching the supremacy of the world, that country could be practically obliterated in a few hours. Russia is not dumb enough to start a war under those circumstances. It is time for us to be rid of war scare—fear is not good for any people.

With the knowledge of nuclear weapons that we have—if that knowledge is used properly, we should look forward to many years of peace. America must never become a warlike nation.

Our job is to promote the peace of the world.

The highlight of course has been the President's State of the Union Message. The applause for the Chief Executive was unusual. It was shared in by both political parties. The greatest applause came when he recommended that those convicted of subversive acts be deprived of citizenship. It took 29 seconds for the President to utter the first of two paragraphs relating to this subject, and 25 seconds for the applause to die down so that he could continue.

The President's message lasted 58 minutes. He was interrupted by applause 45 times for a total of nearly 5 minutes. He mentioned 52 legislative proposals and said that others were to follow. He pinpointed future messages and gave the exact date when they would be presented to the House. That schedule has been rigidly adhered to, and we have received a number of those messages already. Some of these dates follow:

One part of his message did not receive as much attention at the time as it should have, because most of his messages center around the thought of that passage. After claiming that the United States had assumed the initiative in world affairs, he said:

"We shall use this initiative to promote three broad purposes: First, to protect the freedom of our people; second, to protect a strong, growing economy; third, to concern ourselves with the human problems of the individual citizen." These thoughts seem to permeate all of his messages.

sages to the Congress. President Eisenhower is not a man who has "must bills". He leaves the laws to the Congress and points the way.

Anyone who listened to the President's message, whatever his political affiliations, must have been convinced that he has definitely assumed the leadership of his party. During his first year, he had much to learn. The job of being President was new to him, but he has proved to be a good listener and a good learner. His immediate purpose was to receive all the counsel he could from people who should know the problems of the country. He surrounded himself with people who had been successful out of government, and who did not have to be made by government. He introduced the practice of spending three half days each week talking and counseling with these men and women. He set aside Monday, Wednesday and Friday mornings for that purpose. On one of these mornings, he met with the leaders of the Congress to discuss legislation; on another, he met with the Cabinet Officers to consider their problems; and the third morning was spent with the Secretary of Defense and others interested in the security and military interests of our country.

He has emerged from all of these conferences a leader of his party, or, I should say, perhaps, a leader of our government, because Eisenhower does not belong exclusively to any party. He is an unusual man, and one cannot work closely with him without realizing that fact. He dedicates his program to the welfare of all the people, not any one segment of the population. He wants to play fair with the business man, the worker, and the union leader, but he is not going overboard for any of them.

We cannot quarrel with that doctrine. We may not go along with all of his ideas. He would be a superman if he could be right about everything. No one has attained that distinction yet! Not all of his program will be adopted, but, in the end, he will succeed in a good share of it. Whatever the outcome may be, we must respect a man who is sincere, honest, and not afraid to stand up for his ideals. He and I have differed on some matters, and we may continue to differ, but Eisenhower is not the kind of a President that expects one to always be a "yes" man. We can be thankful for that.

is with his grandparents, Mr. and Mrs. Stuart Culp, for an indefinite stay.

Mr. and Mrs. Harwood Stellwagen, Bobby, Betty Jean, Joan and John, visited his parents Tuesday in observance of the latter's 38th wedding anniversary.

The regular monthly board meeting of the Moka PTA was held in the home of Mrs. Chester Williams Wednesday evening. Plans for the next meeting of the PTA were discussed. Refreshments were served.

Dinner guests of Mr. and Mrs. Joseph Pelouquin Sunday were his brother and wife, Mr. and Mrs. Clifford Pelouquin, Skip and Janet of Oak Lawn.
